McDONALD KEY LOCK

FOR LOOSE LEAVES

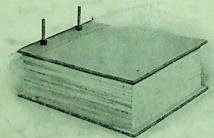

TEMPORARY OR PERMANENT-WITH OR WITHOUT REMOVABLE KEY

Equipped with a perfect and positive mechanism, which is combined with book covers made of material selected to stand wear and rough handling; the atures being extra thickbinders' boards, covered with extra heavy duck, and rounded corners reinforced with durable Russia Red Cowhide. The locking device is concealed in the top cover, and being a part of it, takes no more space than the cover itself and allows use of

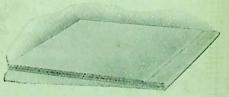

CLOSED

the filing posts to full capacity. When the binder is filled, no metal parts are exposed and it may be used for reference without scratching or marring the

STATIONERY

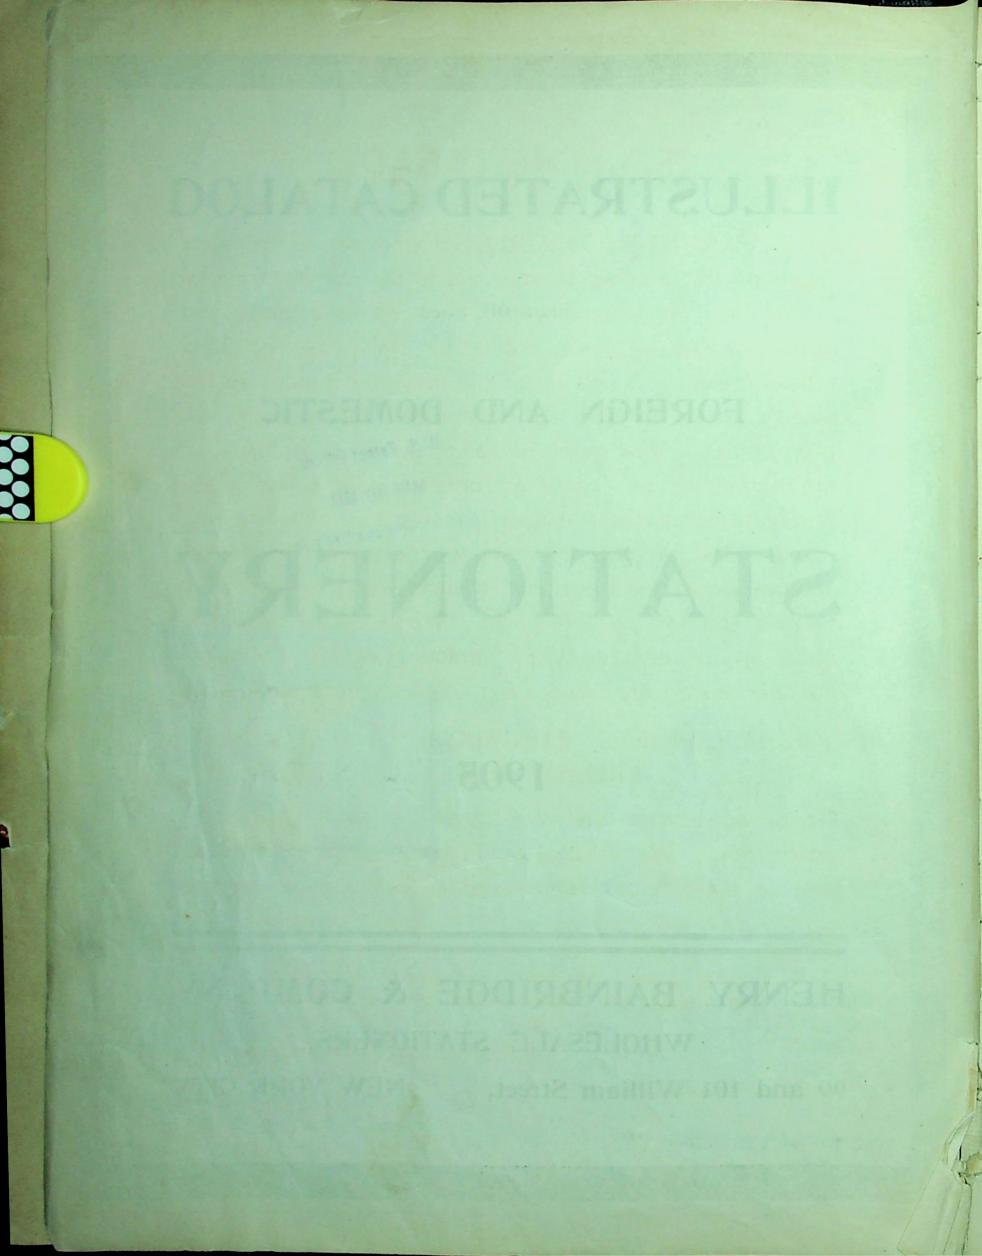

1905 Oct. 2nd TO DUPLICATE THIS BOOK ASK FOR

No

TUM. Ballantyne & Sons, Commercial Stationers, 428 SEVENTH STREET, Washington. = D. C.

HENRY BAINBRIDGE & COMPANY
WHOLESALE STATIONERS

99 and 101 William Street, NEW YORK CITY

TO THE TRADE.

N OFFERING THIS CATALOG of Commercial Stationery we desire to bring to your notice the completeness of the line. In compiling the book we have catalogued goods carried in stock, orders for which can be filled without delay. Articles in our line that are not listed we will accept orders for and will secure and deliver such with promptness. New goods of value, as they are placed on the market, will be stocked and orders filled at lowest prices. Owing to occasional changes in the cost of manufacturing, many of the prices in this issue will be subject to change and we assure the trade that in such events goods will be billed at the best possible prices. We would be pleased to quote on quantities, and for contracts or export. Throughout the catalog are listed many articles under the names of

"CHALLENGE" "BAINBRIDGE" "H. B. & CO."
"B" "RUGBY" and "COMPETITOR"

Goods so labeled are well made and will give entire satisfaction. We solicit your orders through the mail, as well as through our representatives, and assure you that such orders will have prompt and careful attention.

ONE COPY OF THIS CATALOG WILL BE SUPPLIED TO EACH HOUSE IN THE TRADE.

HENRY BAINBRIDGE & CO.

NEW YORK, OCTOBER 2, 1905.

N OFFERING THIS CATALOGG COMMERCE SERVING many of the pricesult this cave will be stated FUGBY and COMPETING

U. S. Patent Ulfice,

NATIONAL BANK.

Writes, dries and remains, under all conditions, a deep, bluish black, which is ineradicable by any chemical known to science. An absolutely safe ink for use on all sorts of valuable documents, negotiable papers and the like, because the writing cannot be removed without destroying the fibre of the paper.

Library Inkstands

For the past Thirty-five years we have manufactured and placed on the market a complete line of Library Inkstands in various styles and finishes of wood.

Our many years of experience enable us to offer to the trade a line of Inkstands that is, in elegance of finish and quality of material, superior to any other.

The Bases are finished with the highest polish obtainable, in Oak, Antique Mahogany, and Ebony. They are made from perfectly seasoned wood and will not warp.

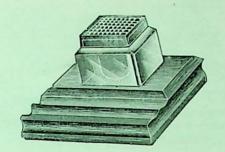

The Wells are of the best Imported Crystal Cut Glass, and are carefully fitted to each base.

Manufactured with true proportion of base to inkwells. No unsightly bases with small or misfitting wells will be found in our line of Library Inkstands.

We invite a comparison of our Inkstands with other makes on the market and believe that for correctness of style, beauty of finish and quality of material, they will be found unsurpassed.

We Guarantee every one.

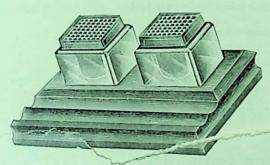

We have also placed on the market a line of Inkstands made with same first quality bases, but fitted with Cut Glass wells of domestic manufacture. The same attention is given to these as heretofore mentioned; the difference being in the quality of the cut glass wells. The numbering on this line is the same with an additional "D" (domestic).

Base, 41/2 x5.

COLUMBUS SAFETY.

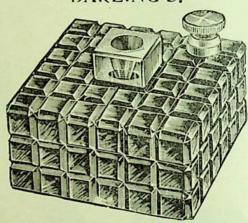

Consists of a rubber bulb with glass funnel, enclosed in a beautifully finished aluminum case.

This Inkwell has the much desired "rubber dip" feature, which regulates the supply of ink on the pen.

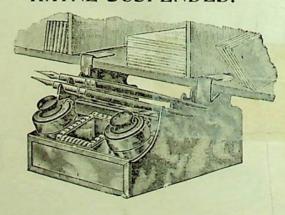

NON-SPILLABLE. NON-EVAPORATING. DUST-PROOF. SELF-RIGHTING.

DARLING'S.

"The Right Machine at the Right Price"

Addition

Subtraction

Multiplication Division

PRICE \$75.00

THE manufacturers of the BEACH CALCULATING MACHINE are convinced that a large percentage of business men will gladly welcome a machine that possesses all the requisites of accuracy, speed and durability, and is sold at a price so reasonable as to permit of its general adoption.

The operation of the BEACH CALCULATING MACHINE is so simple and so readily understood that little instruction is necessary to enable even a child to propperly and rapidly perform any arithmetical proposition, and while some practice is necessary to secure great rapidity, a novice can, with a few minutes' practice and without mental effort, do sums in addition more rapidly than an expert who has to see down the figures and add mentally.

The device arranged on the BEACH CALCULATING MACHINE whereby each item is shown as recorded, obviates entirely the requirements of a list for checking purposes, as both the item and total are in sight and in large figures.

A 30=Day Trial of This Macnine is Solicited

ILLUSTRATED

PAPER CLIPS AND FASTENERS

THE NEW YORK CLIP.

Made from best quality spring steel. Will securely hold a number of sheets of paper. Easily applied and easily removed.

Packed in boxes of 250, - per 1000, \$0 27 Special price for lots of 100,000, in which quantity they will be supplied with special

label if desired.

THE NIAGARA CLIP.

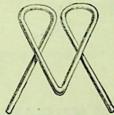

Made of Spring Wire. Brass or Steel.

This Clip will hold securely from the thinnest sheet of paper up to 1/4 inch thickness.

Packed in boxes of 100, 10 boxes in carton, - - - per 1000, \$1 05 Special prices in quantities.

NIAGARA CLIP MEDIUM No. 2.

Good Clip for use where one heavier than the small Niagara is required.

Packed in boxes of 100, 10 boxes in carton, - - - per 1000, \$1 28

THE GIANT NIAGARA CLIP.

Steel Wire. For holding a large number of

THE TRIUMPH EYELET PUNCH AND FASTENER

A new tool which is greatly superior to any other of its kind. It is well delineated in the cut. The Gauge is a feature of great utility and the obnoxious breakages of Springs, etc., which continually occur in other Eyelet Punches, are impossible in the Triumph.

Every Punch Guaranteed.

- No. 1. Guide piece slotted with adjustable gauge secured by thumb screw. This enables papers to be punched at uniform distances if required.
- No. 2. Cutting punch penetrating through cutting die. Place papers, leather, or other articles to be perforated between the upper jaw and cutting die; close the Punch by the handles and perforations are made.
- No. 3. Insert eyelet in papers, place the flange or upper rim of the eyelet against the eyelet compressor, as shown in Figure 3 of diagram; close the handles and the eyeleting is perfected.

HAND TALLY REGISTER.

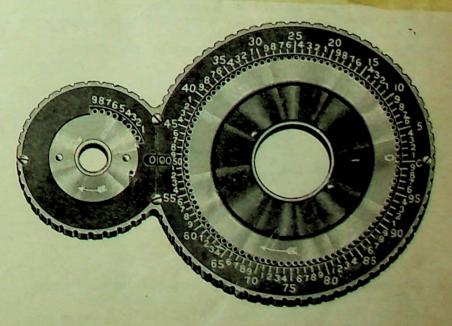

This little Register tallies from 1 to 1000, and can be set to Zero at will. It is simple in construction, can be carried in the pocket, is about the size of an ordinary watch and weighs about six ounces. It is used by Railroad, Telegraph and Steamboat men for checking or tallying ties, telegraph poles and passengers, and all kinds of freight, by cattle men for counting cattle and sheep, by lumber men, loggers and timber estimators, and at places of amusement for counting the people going in and out. In fact, it can be used for any purpose where a correct count is desired to be kept.

No. o. Registers from 1 to 1000, I. Registers from I to 10000,

each, \$2 50

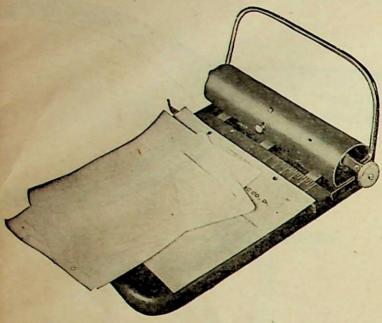

VICTOR ADDING MACHINE.

Will add one, two or three columns at a time with Positive Accuracy. Each,

PERFORATORS

THE I-P ADJUSTABLE PUNCH.

Punches one, two or three holes at will of operator without changing

Has automatic adjustment for regulating distance between holes.

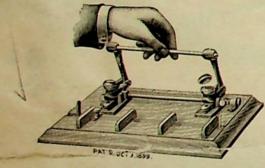

Has automatic gauge for regulating depth of holes.

Distance between holes from one inch to seven inches.

Capacity: All you can get in-one sheet or twenty.

Mounted on heavy oak board-nicely finished. All exposed metal arts highly nickeled.

WESTERN ADJUSTABLE PAPER PUNCH.

Will cut the holes anywhere from 1% inches to 71/4 inches apart. Regular size of Punch makes holes 1/2-inch diameter.

An accurate scale being provided at the back, it may readily be set at any intermediate distance.

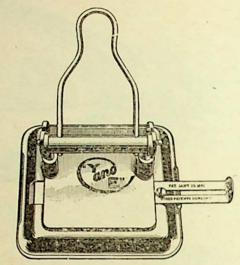

Polished Oak Base, 91/2x121/4 in., Enameled and Nickeled - - each, \$5 00 Trimmings,

THE TEMPLE PUNCH.

Perforates easily one inch of solid paper, is about the size of a Notary Seal Press, and for its size is the most powerful Punch made.

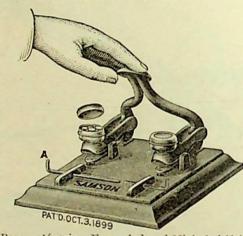

It is the only Hand Punch that can perforate for filing any of the popular magazines of the day. \$4 00 SHANNON.

Cabinet Perforator,

per doz. \$13 50

SAMSON PUNCH.

Iron Base, 51/2x7 in., Enameled and Nickeled Trimmings.

Per doz., -\$21 00

PIN-KAP.

A Protector for all makes of Pin Tickets. Easily and Quickly Applied.

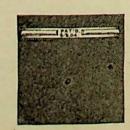

Take the Pin-Kap on index finger, press side with thumb (as shown in illustration) and insert the prongs of Pin Ticket, then flatten out and the sharp points of Pin Ticket will be securely fastened and covered.

Protects samples and articles of all kinds from mutilation in mailing, shipping, and counterhandling.

The illustrations below show the front and back view of Pin Ticket with Pin-Kap attached.

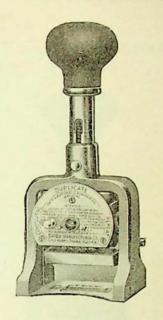

Front View.

BINDERS

For Binding Loose Sheets Temporarily or Permanently.

Made With Removable Key.

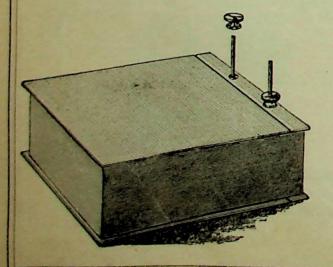

Are superior to all others made, as there are no screws to work loose or springs to break. The locking device being fastened in top cover, and not above it, allows posts to be used to their full capacity.

COIN TRAYS AND MONEY CHANGERS

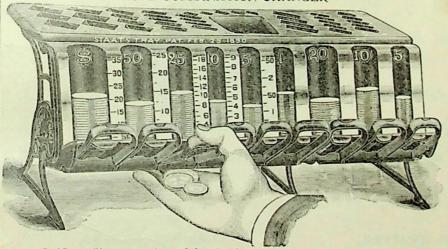

STAATS' MONEY CHANGERS.

The Changer has Six Graded Columns, one each for Dollars, Halves, Quarters, Dimes, Nickels and Pennies. By depressing the Lever at the bottom of the column, one coin at a time drops into the open hand, thus enabling the operator to make change for any amount, rapidly and accurately. The Gauges on columns show amount of money in Changer. The Tray is above and can readily be removed when desired and used independently. It is divided into compartments for the purpose of storing coin of different denominations, five holding ten dollars each in Dollars, seven holding five dollars each in Halves, nine holding two dollars each in Quarters, ten holding one dollar each in Dimes, and five on outer edge of Pan holding fifty cents each in Nickels. It is Nickel Plated and Bronzed.

No. 1. Changer, 101/2 in. long, 11 in. wide, 61/2 in. high, each, \$11 33

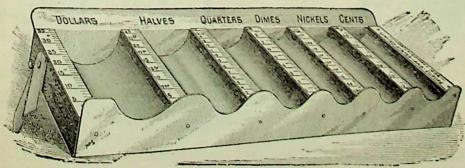

No. 2 COMBINATION CHANGER

Is No. 1 Changer enlarged for Gold Coin. The Changer holds \$200 in Silver and \$2500 in Gold. Is Nickel Plated and Bronzed.

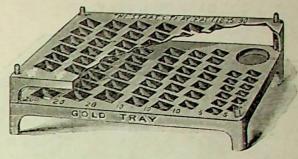

No. 2. Changer, 17 in. long, 10½ in. wide, 6½ in. high, - each, \$18 00

UNIVERSAL CASH REGISTER.

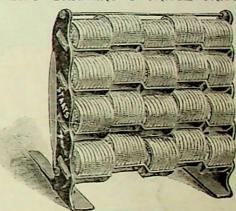

By placing the Cash in the Case, it is counted and registered instantaneously, and a single glance shows the amount. Can be laid Flat or set at Two Angles. Will hold Coin to the value of \$90 . \$10 00 per doz. \$10 00

HODGES' ECONOMY DRY BATH.

The moistened pads are placed in the Bath, the metal cover is laid on top of the pads and the lid of the receptacle is closed. The spring (shown in the above illustration) keeps the pads smooth and prevents the air from absorbing the moisture. No water is poured on the pads or in the Bath, hence the name—"Dry" Bath.

LETTER BOOK.

Use your own Paper, your own Ink, your own Pen, write your letter and it is copied.

The Pen-Carbon is attached to a Clip which holds the Letter Paper firmly while writing, and at the same time acts as a "handle" to the Carbon Sheet, which is never touched with the hands, and which prevents the possibility of soiling them. Cloth Binding. Leather Back.

No.	T.	Letter Size,	Complete	(8¼x12	in.),	Renev	vable,	per doz.	\$24 00

This paper should never be cut through the back and folded, to make smaller books, The grain runs from top to bottom.

It is folded in sections of twenty five sheets.

The first column in above table gives the length of paper from top to bottom; the second column, the width, when opened out flat.

TYPEWRITERS' ERASING SHIELDS

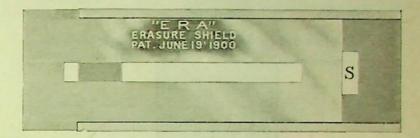

TYPEWRITERS' ERASING SHIELD.

Size, 21/8 x 31/4 inches.

Nickel Plated, - - - - - - per doz. \$1 50

THE "ERA" ADJUSTABLE ERASURE SHIELD.

Is made of a Superior Quality of Metal, 5 x 2 inches, and being very thin and flexible conforms readily to the cylinder of the typewriter. Nickel plated.

The "Era," - - - - - - - - per doz. \$1 50

CELLULOID ERASING SHIELD.

NEW DEVICE gives better use of HAND and RUBBER. Equally good for erasing in last line of any work, and any line of open space work. For the latter, place as for use in last line and bear upward with rubber. No need to rub a hole in the paper by erasing through a slot; USE THE EXTENSION.

Transparent Celluloid; can be cashed like a dish. No stain from motal to be erased aft-

er the ink is gone. Can see right through; no trouble to find the place when making al-

terations. JUST TRY IT.

Celluloid, 3½ x 4½ in. - - - - per doz. \$1 80

TYPEWRITER ROLLER ERASING SHIELD.

For use in Erasing when Making Carbon Copies.

Placed between the carbon and the sheet on which erasing is done, the shield prevents carbon copies from being smutted. Nickel plated.

Roller Erasing Shield - - - - per doz. \$2 25

"WARREN" PENCIL ERASER.

The advantage of this Eraser is that while the Rubber is Soft and of a good quality, the Wood Backing supports it in such a manner that it may be shaved down to a slim point that will stand considerable pressure without bringing more Rubber into action than is desired.

The "Warren," - - - - - per doz. \$1 00

So

GREY & PINK

The Grey Pliable Rubber is soft, and will be found invaluable for cleaning Drawings, Engravings, Crayons, etc., without injury to either Tracing Paper or any other Delicate

Drawing Material.

This Rubber has perfect erasing qualities and standard than the demand for a harder known Grey Pliable Rubber well-known Grey Pliable Rubber

The Pink Pliable Rubber has perfect crasing qualities.

The Pink Pliable Rubber has perfect erasing qualities, and is made to meet the demand for a harder rubber than the Grey Pliable. It is recommended for general erasive purposes.

IN BOXES OF 4,8,12,16,20,24,30,36,40,60 OR 72 PIECES.

SMITH'S ADJUSTABLE INDEX TAGS.

Spring Steel Clips Enclosed in Leather Tabs.

Plain Leather Tags are made in the five sizes shown below. The Leather is Light Tan, presenting a good surface for writing in black.

Paper Faced Tags have a facing on each side, over the leather, of Best Buff Scotch Linen Ledger Paper, which gives the most desirable surface for writing inscriptions with ink or pencil. They are made in the five sizes shown below.

Erasable Tags.—The paper faced tags will stand from I to 3 erasures of ink and from 20 to 50 of pencil. Gummed Stickers

with which to renew the facings are . furnished for 10 cents per hundred.

¾ Inch Size, 8 Cents Each.

3/8 Inch Size, 7 Cents Each.

11/2 Inch Size, 11 Cents Each.

2 Inch Size, 121/2 Cents Each. Prices for Plain Leather and Paper Faced Tags are the Same.

The lists below each illustration are the prices for lots of less than 25 Tags.

25 or more Tags, 121/2 per cent. 25 50 100 331/3

Per Set of 250 75 cents.

Demisons Crépe paper napkins

are, because of their superior quality and beautiful designs, the largest selling line on the market. They can always be recognized by the perfection of the crêping, the delicacy of the designs and printing, and by the blue band on each hundred with the name **Deminion** printed thereon.

January 1st of each year new designs are issued, the current year's additions being a great advance in beauty and style over previous issues.

SOME OF THEIR ADVANTAGES.

They are absolutely clean, made from paper free from all impurities and finished in our own factory under the perfection of cleanly conditions. (All will acknowledge the possibility of opposite conditions when it is known that imported napkins are printed by hand in Chinese and Japanese homes.)

They are free from all odors so much complained of in imported napkins.

The paper is tough in fibre, soft and pliable, and answers perfectly the conditions required in a paper napkin.

THE LINE FOR 1905 CONSISTS OF THE FOLLOWING DESIGNS:

The Illustration is Half Size. Weight is Nearly One Pound.

The "CAPITOL", is a Large, Handsome Inkstand for the Bankthe Office or the Library. There is no loss by Evaporation, as the body of Ink is kept from Air and Dust, and so rendered clear and fluid until the last drop is used. Depressing of Funnel is avoided. No Time Lost. No Injury to Pens. Just the right amount of Ink is fed. It is impossible to get Ink on Holder. There are but two parts. By removing the Funnel the Glass Well can be filled or cleaned instantly.

PRICE FIFTY CENTS EACH.
